**NOTICE OF TITLE V PERMIT REVIEW**  
**PUBLIC HEARING AND COMMENT PERIOD**

Pursuant to the New Hampshire Code of Administrative Rules, Env-A 622.02, notice is hereby given that the Director of the New Hampshire Department of Environmental Services, Air Resources Division (Director), has received a Title V permit application from, and based on the information received to date, intends to issue such Title V permit to:

**FPL Energy Seabrook LLC**  
**Seabrook Station**

Located at:

**626 Lafayette Road, Seabrook, New Hampshire**

FPL Energy Seabrook, LLC (Seabrook Station) owns and operates a 1,220 MWe, net output, power generating facility located in Seabrook, New Hampshire. The primary sources of emissions at the facility are: two auxiliary boilers rated at 105 MMBTU/hr each, four large diesel powered emergency generators; 1A and 1B rated at 75.5 MMBTU/hr and 2A and 2B rated at 23.6 MMBTU/hr, two small emergency generators rated at 3.1 MMBTU/hr and 1.97 MMBTU/hr and a Sullair diesel-engine driven air compressor rated at 1.7 MMBTU/hr. Seabrook Station has applied for renewal of its Title V Operating Permit in accordance with Env-a 609. The Title V draft permit covers operation of the equipment noted above and incorporates two Temporary permits: TP-B-0498 for emergency generators 2A and 2B and TP-B-0507 for the Sullair air compressor.

The completed application and draft permit are on file with the Director, New Hampshire Department of Environmental Services, Air Resources Division, 29 Hazen Drive, P.O. Box 95, Concord, NH 03302-0095, (603) 271-1370. Information may be reviewed at the office during working hours from 8 a.m. to 4 p.m., Monday through Friday. Additional information may also be obtained by contacting **Danuta Lempert** at the above address and phone number. Requests for a public hearing and/or written comments filed with the Director in accordance with Env-A 622.05, and received no later than, **Thursday, February 23, 2006**, shall be considered by the Director in making a final decision.
